Reurlets 12-27-60 and 1-17-61.

Approval granted to continue present cover business of informants and to pay necessary expenses in connection therewith an estimated in relet of 12-27-60. Authorization is effective immediately and continues until 12-31-61. Keep Bureau advised of all steps taken in connection with this operation by the submission of progress letters on a quarterly basis.

As indicated in previous communications, informants should be advised the Bureau is not interested primarily in the success of this cover as a business venture, but it should be given as much attention as is consistent with Bureau work.

NY 694-3 has indicated in the past that he felt within a short time the business would be self-supporting, but he cannot determine when this will be. You should again point out to NY 694-3 that even though he may feel the venture will pay off, he should understand that if there is any profit, the Bureau expects to be repaid first from such profits for the advances which have been made to set up the operation.

You should continue to advise in each quarterly progress letter the amount of time being spent by each informant in the conduct of the cover business. The observations of each office should be set forth as to whether the time being spent is necessary and if the activity of the informants in the cover business is interfering in any way with their Bureau work.

ReCGlet 1-17-61 recommending authority be granted to increase payments to CG 5824-S to \$1100 per month for services rendered and normal expenses incurred.

Since CG 5824-S and NY 694-S are equally as important in our coverage of both national and international communism and are both providing invaluable information as a result of their efforts, authority is granted to increase payments to each informant from \$1000 per month to \$1100 per month for services rendered and normal expenses incurred for a period of four months effective 2-1-61. This increase in compensation should be added incentive for both informants to continue to expend their best efforts on behalf of the Bureau and to achieve even greater accomplishments.

Re: Tim Buck
Internal Security - Canada

A confidential source reported on January 25, 1961, that upon the conclusion of the November conference in Moscow of Communist Parties and Workers' Parties, Tim Buck, head of the Canadian Communist Party, went from Moscow to Peiping, accompanied by his paramour, Elizabeth Mascolo, to confer with leaders of the Chinese Communist Party and to take a short vacation.

Shortly after arriving in Peiping, where he was met at the airport by leading officials of the Central Committee of the Communist Party of China, Buck became ill and was hospitalized for a period of about a week. Owing to his illness and to the fact that his time was limited because he had to return to Canada for an important Communist Party meeting, he conferred in Peiping with only a few top officials of the Communist Party of China. One such official with whom he conferred was Liu Shao Chi, President of China and Vice-Chairman of the Communist Party of China. Another was a top functionary of the Communist Party of China, "in charge of finances."

Further with regard to China, the above-named source

reported that the food shortage in China has been more serious than reported. Whereas 80 per cent of the shortage was due to natural causes, such as drought and flood, 20 per cent was due to human factors, such as incompetence of Party organizers, unskilled workers, and in some instances, saboteurs. There was among Party organizers a certain amount of unconcern about filling quotas.

As a result of "top-level decisions," since July, 1960, Party members in large cities "voluntarily" accepted three ounces less of rice per day than they had been receiving previously. The amount of rice thus saved was sent to areas where there were serious food shortages. It was estimated that the average Chinese-party member or otherwise was receiving from one to two and a half ounces less of rice per day. The confidential source stated that to the source's knowledge, this food shortage continued to exist through November, 1960. Whether it continued to exist after November, 1960, the source did not know.

SUBJECT: TIM BUCK
IS-CANADA

Enclosed herewith are eight copies of a letterhead S-#4 memorandum reflecting that after attending the November meeting⁵ in Moscow of Communist Parties and Workers Parties, TIM BUCK,^{S-#6} Canadian CP leader, went to China for conferences with Chinese CP leaders, and for a short vacation. With him in China was his paramour, ELIZABETH MASCOLO. While in Peiping, BUCK became ill and spent a week in a hospital, as a result of which he was unable to contact as many Chinese CP functionaries as he planned. He had only a few conferences with top functionaries of the CP of China. As the result of a food shortage in China, individual Chinese have been receiving a smaller daily allotment of rice.

NY 694-S, the confidential source utilized, furnished this information, and other information related thereto but not included in the letterhead memorandum, to SA ALEXANDER C. BURLINSON on 1/25/61.

According to NY 694-S, he conferred on 1/24/61, in NYC, with ELIZABETH MASCOLO, TIM BUCK's paramour, who told him the following:

She had come to NY on 1/21/61, to visit her sisters, and to deliver to the CPUSA, through the informant, the sum of \$1500. This money was given to TIM BUCK while the latter was recently in Peiping, China, by FRANK COE, a member of the CPUSA presently residing in China. COE stated that it represented dues owed to the CPUSA by "the American group in China," people residing in China who consider themselves members of the CPUSA. These people formerly were members of the CPUSA when they lived in the USA. NY 694-S accepted this money for transmittal to the CPUSA.

(The said \$1500 is in \$1, \$5, and \$10 bills. These bills will be checked by the NYO against lists of currency issued to Soviet establishments in NYC and in Washington, D.C., and in the event of any identification thereof, the Bureau will be advised).

MASCOLO had gone to Moscow with BUCK, planning to leave him there and to go immediately to Peiping, China, for a visit with [redacted] and the latter's family. In Moscow, however, she learned that [redacted] had left Peiping to go to Prague, via Moscow, to have his passport renewed. When [redacted] arrived in Moscow en route to Prague, TIM BUCK and Soviet officials checked [redacted] passport. They were shocked to find that, when [redacted] en route to China from the USA, was in London, the Soviet Consulate there, instead of giving him a "floating visa," had stamped on his passport a permanent visa for travel to Irkutsk, Siberia, which is on the Siberian-Mongolian border. Irkutsk is the last Soviet airline stop in that area.

b6
b7C

Since it was felt that it would be obvious to American authorities in Prague, to whom [redacted] passport would be presented for renewal, that he had been in China, it was decided that [redacted] had no alternative but to let his passport expire. [redacted] remained in Moscow for a few days, visiting with MASCOLO and BUCK, and then returned to Peiping.

b6
b7C

When the Moscow Conference ended, MASCOLO and BUCK went by plane to Peiping, where they were met by members of the Central Committee of the Chinese CP, who "rolled out the red carpet." At the airport photographs were taken of BUCK

NY 100-15140

and MASCOLO, and the Peiping papers reported that "the distinguished Canadian CP leader TIM BUCK and his wife" were visiting Peiping. Since MASCOLO is not BUCK's wife - his wife ALICE BUCK and his children reside in Toronto - BUCK realized that should the photographs of him and MASCOLO in Peiping, and the newspaper stories about them, be seen in Canada, there very likely would be repercussions in the Canadian CP.

BUCK succeeded in suppressing the photographs, but could do nothing about the newspaper stories, which already had been published. As BUCK feared, the Peiping newspaper stories about "BUCK and his wife" reached the Canadian CP, which is furious about the matter. Canadian CP functionaries LESLIE MORRIS and BILL KASHTAN are particularly angry.

Shortly after arriving in Peiping, BUCK suffered from a sore throat accompanied by a high fever. He was hospitalized for about a week, and as a result had only a few meetings with top-level Chinese CP functionaries. His time was limited because he was scheduled to return to Toronto for an important CP meeting, and he had to cut short his visit to China. While in Peiping, BUCK conferred with LIU SHAO-CHI, president of China and vice-chairman of the CP of China, and also with the Chinese CP functionary in charge of Chinese CP finances.

MASCOLO [redacted] is employed in the research department of the [redacted] in Peiping. He would prefer to do "practical work," and cannot understand why the Chinese insist upon his engaging in research work. He has been told that it would be too hazardous for him to work outside. He lives in an air-conditioned home, has servants and nurses for his children, and he and his family have their meals in a restaurant to which only top-level Party functionaries are admitted.

[redacted] is studying Chinese at a university, and eventually will be employed as a research

chemical engineer. The children already talk Chinese and have acquired many Chinese mannerisms. Although [redacted] is an American, he is a member of a political division known as "the Canadian group."

b6
b7C

Since July of 1960, the "World Marxist Review" [redacted] has not been available in Peiping, and as a result [redacted] [redacted] had been completely unaware of the preliminary meetings and conferences leading to the November Conference in Moscow of Communist Parties and Workers Parties. It was not until he was given a copy of the Canadian edition of the "World Marxist Review," containing an article by TIM BUCK on the Soviet-Chinese dispute, that he realized the true state of Soviet-Chinese relations.

b6
b7C

BUCK was told by top-level Chinese CP functionaries that the food shortage in China had been more serious than was publicly reported. Whereas 80% of the shortage was due to natural causes such as draught and flood, 20% was due to human factors - incompetence of Party organizers, unskilled workers, and in some instances, saboteurs. There was also among organizers a certain amount of unconcern about filling quotas.

As a result of "top-level decisions," since July, 1960, Party members in large cities "voluntarily" accepted 3 ounces less of rice per day than they had been receiving. The amount of rice thus saved was sent to areas where there were serious food shortages. It was estimated that the average Chinese-Party member or otherwise - was receiving from 1 to $2\frac{1}{2}$ ounces less of rice per day.

NY 694-S advised that pursuant to a request from CG 5824-S, he told MASCOLO to convey the following message to BUCK:

Contact between the CPUSA and the CP of Cuba has been severed, and the CPUSA is desirous of maintaining contact with the Cuban CP through Canadian CP channels.

NY 100-15140

The Soviets should be notified that ERIC BERT, executive editor of "The Worker," will attend a conference of CP journalists from all parts of the world in Leipzig, Germany, during the middle of March. (According to NY 694-S the aforesaid conference will discuss "new methods of imperialism").

NY 694-S advised that he gave to MASCOLO for transmittal to BUCK a birthday greeting (BUCK recently celebrated his 70th birthday) in the form of an album wherein are inscribed the signatures of GUS HALL and members of the CPUSA National Committee..

Information herein not included in the letterhead memorandum was omitted from the said memorandum because dissemination of such information, it is believed, would jeopardize the security of NY 694-S.

This memorandum has been classified "~~Confidential~~" because it contains information from a source the unauthorized disclosure of which would seriously impair the investigation of the CPUSA. Such impairment could have an adverse effect upon the national defense interests of the country.

ReBulet, 2/1/61, requesting certain information by return mail regarding blind post office boxes being utilized by CG 5824-S*.

CG 5824-S* returned to the United States in late December, 1960, after extended travel abroad during which time he had considerable contact with foreign Communist Party (CP) leaders. It has not been ascertained from CG 5824-S* whether he may have made arrangements for additional use by foreign Parties of these mail drop boxes in Chicago. To date, because of more pressing matters and the intervening of several extended trips to New York City on CP, USA matters, current up-to-date information regarding foreign CPs' possession of mail drop boxes has not been discussed.

CG 5824-S* is currently in New York City, and since Chicago desires to furnish the Bureau with only the most current information, the submission of the letter requested will be delayed until approximately February 15, 1961.

SUBJECT: CP, USA - ORGANIZATION

CARE MUST BE EXERCISED IN REPORTING THE FOLLOWING INFORMATION SINCE ITS VERY NATURE TENDS TO IDENTIFY A SENSITIVE AND HIGHLY PLACED INFORMANT.

There follows a summary of a three day meeting of the National Committee (NC), Communist Party, United States of America (CP, USA), held 1/20 - 22/61, at Adelphi Hall, 74 Fifth Ave., NYC.

The information was furnished to the Bureau by daily teletype summaries followed by a letterhead memorandum.

On 1/20/61, the following individuals were observed entering Adelphi Hall, NYC, presumably to attend this meeting: WILLIAM ALBERTSON, HERBERT APTHEKER, PHILIP BART, ERIC BERT, EMANUEL BLUM, JESUS COLON, MICHAEL CRENOVICH, BENJAMIN J. First Day's Session - 1/20/61

CLAUDE LIGHTFOOT acted as chairman of this session. The agenda was announced as: 1). A report by GUS HALL on the 81 Party Statement adopted at Moscow; 2). Adoption of revisions and motions and a summary relative to HALL's report. GUS HALL then read his report. Some of the important statements in this report follows: At the 17th Convention of the CPUSA HALL pointed to a fundamental shift in the balance of world forces in favor of the camp of socialism, democracy, national independence and peace. Since our convention, the shift has continued along this favorable course. The nature of the changes, the present relationship of forces and the direction of events have been summed up in the statement issued by the world-historic conference of the representatives of the 81 Communist and Workers Parties. Six parties, including the CPUSA, did not participate because of acts of terror and persecution; including, in our case, the existence of the McCarran Act.

This police-state legislation is designed to illegalize the CP totally. It is aimed at preventing our participation in any exchange of views between Communists and militant progressives of various countries as to the common problems facing mankind in the fight for peace and social progress. The 81 Party gathering was probably the most important of all time. The statement adopted by it declared that it is possible at long last to end the scourge of war in our time - that now war is not inevitable, but can be prevented by the strength, unity, and fighting spirit of the people. All Party members, clubs and leaders should study it thoroughly. In basic essence, the framework around which our 17th Convention built its program, policies and tactical approach was in accord with the main analyses and line of the statement.

The statement stresses that United States imperialism is the main danger of peace. A new statement was necessary because of the general crisis of capitalism. The new stage of the general crisis is particularly evident in our country which shows extreme decay. The statement pointed out that socialism is now indestructible. This is of utmost importance for us because it shows anew, and more clearly than ever, that the socialist system does not need or want wars,

NY 100-80641

that it does not need or seek to "export revolution" in order to maintain itself and grow. One may say this is truly the epoch of the rise in dominance and advance of progressive mankind both in thought and action. Let us uncover some of the actual unvarnished truth of the situation in the United States in this new world epoch.

The economy has entered its fourth slump since the end of World War II. Most disturbing of all is the spread of joblessness. Each downturn has left behind it a larger mass of unemployed than before. The signs all point to the conclusion that this fourth postwar recession takes place within a new framework, in which the long range factors of expansion and large scale industrial renewal are running out, first of all in the United States, but also in the rest of the capitalist world. The Wall Street trusts rob not only the American people but those in other countries as well. Their global plunder and kleptomania have brought the wrath of the world's peoples down on our heads. The prestige of the USA as a nation is today at its lowest ebb. Until two years ago Cuba was in the firm grip of the United States monopolies. It is precisely because the Cubans have freed their country from the grip of Wall Street that the tremendous hue and cry and the threat of attack on Cuba are now being generated.

Our task is to reveal that today United States big business is the chief threat of bringing about war. We Communists stand for socialism but have not favored war to achieve it. Everything possible must be done to press the new administration to end the coldwar. The central task of our Party is to be a Party of struggle, of mass struggle, of united front action on the widest possible basis. That is the heart of our vanguard role today. We have always been forefront fighters for the united front. We must re-establish that. To carry on mass work, however, there must be a correct appraisal of the situation.

Factors working against us to be considered are:
1), at this point we are a small Party; 2), we do not

NY 100-80641

enjoy full legal status. Our members cannot openly work in industry, in professions or in government. Our members cannot openly be members of unions or members of most mass organizations; 3), our country has gone through twenty years of relatively high employment that has left its impact on its people. Most of the trade unions and people's organizations are under conservative and even reactionary leadership and the majority of the workers are still unorganized; 4), there is no independent political party of labor; 5), there is as yet no mass socialist consciousness in the USA. On the other hand there are many positive facets to be considered. American workers are militant. There is a rising negro people's movement. We have in the United States a strong, deep democratic tradition and we now have a united Communist Party. We cannot ignore the virtual illegality of the Party. We must fight for our full legality with far greater energy than we are now expending.

The united front must be a way of life for our Party, for each member and for each club. A good leader, working with the masses, will almost sense when a new level of understanding has been reached and will, therefore, raise the work to that new level and continue from that point. In this context we can work realistically for recruiting into the Party, which is very important, though of course, it is only one feature of Party building. Here I think it necessary to state that it is possible to recruit into the Party at all times and under all conditions. The nature of the recruiting will vary but recruiting into the Party must never be stopped or halted. The problem is not one of sending people into organizations. Many are already there. The central question for us is to help our members, our clubs, our leaders, to carry on political activities where they are, and under the specific conditions that face men, which are often difficult conditions. This is the nub of the problem. While independent action by the Party is essential, the key is in the united front struggle by the building mass ties and united front work, in labor and peoples organizations and in workers neighborhoods.

NY 100-80641

On Party building, we must develop, train and draw in younger forces. We have to give central attention to the Party club. We must carry through a concentration policy and we must more effectively streamline the organization so that leadership may better reach and aid the clubs and members. Also of foremost importance is the building of our press. This is a cardinal, number one task. Last week an enlarged secretariat meeting concluded a review on the work of the leadership during the past year. We were very self-critical. Some serious weaknesses were discussed. The Secretariat has set up a task force, a committee to plan for a reorganization of the work of the center to make it more effective both organizationally and politically. We are a small party now but the future is with us. We represent the best national interests of our people - the noble aim of peace.

JAMES E. JACKSON who was first speaker at the afternoon session said the representatives of 36 million Communists, 81 Worker's Parties enacted a program which determines the future of the world for the next decade or more. The authority of the 81 Party Statement rests in the superiority of the socialist system over the forces of social reaction. The historic task of Communists in our day is to prevent unleashing of atomic war and nuclear war is not needed for the success of socialism. Eradication of colonialism and segregation is one more step on the road to socialism. The oppressed class can obtain their objective without bloodshed. Communists offer the people a peaceful life, freedom from want, the full development of man's spiritual life.

HOMER BATES CHASE said 81 Party Statement must be studied in CP clubs and CPUSA must carry out the mandate of this document. The people of the United States must be warned that President KENNEDY will carry on the struggle for imperialists and may carry out program of intervention in Cuba.

Otherspeakers followed including JACK STACHEL, JIM TORMEY, MANNY BLUM, GERALDINE LIGHTFOOT and WILLIAM PATTERSON. All agreed with the report of GUS HALL. Session adjourned at 6:30 p.m. to reconvene 9:30 a.m., 1/21.

NY 100-80641

SECOND DAY'S SESSION, 1/21/61

On 1/21/61, [redacted] advised that second day's session of meeting of National Committee, CP, USA, commenced at 9:45 AM, 1/21/61. In addition to National Committee members mentioned as in attendance 1/20/61, the following were observed entering Adelphi Hall, NYC, 1/21/61, presumably to NC Meeting: ELIZABETH GURLEY FLYNN, JAMES WEST, MIRIAM FRIEDLANDER and AL RICHMOND.

b7D

ELIZABETH GURLEY FLYNN was the first speaker and spoke of her attendance at the Rumanian Workers Party Congress held in June, 1960, at which she was a Fraternal Delegate. FLYNN said that between June and November, 1960, she had visited Rumania, Czechoslovakia, Hungary and the German Democratic Republic as well as the Soviet Union. She said she had spoken to the heads of government, CP leaders and educators in these countries and that it was a great experience for her. FLYNN, in discussing the Bucharest Meeting, said there was discussion regarding the Soviet-Chinese positions which she said dealt with the methods used by the Chinese in presenting their critical views on mass organization. FLYNN said that the Chinese comrades are not for war as is falsely portrayed by the capitalist press. She said the Chinese believe that the decision rests not with the socialist camp, but with the imperialists, and therefore, in addition to the fight for peace, preparation must be made for war. She said that the broad peace movement rejects a non-peace movement and insists on a movement that fights against imperialism as well as for the march of national liberation and socialism. FLYNN said that the Chinese view is that in a nuclear war three hundred million people might die, with the same number surviving, but that this would spell the end of capitalism. She said the Chinese are not opposed to disarmament, but feel it is propaganda.

NY 100-80641

FLYNN then discussed the activity prior to the November, 1960 conference of the world Communist Parties. She said that the Central Committee of the Soviet Union had proposed a draft statement which supplemented the 1957 declaration and set forth the developments of the following three years. She said this draft was submitted in late September to an editorial commission and became the basis for discussion. The final draft, however, was twice as long as the original and a secretariat was set up to go over the final draft. This session lasted three days and the document was agreed upon, the sections which were not agreed upon were brought before the assembly of the 81 Party Conference which met from November 10, to December 1, 1960. At this conference a thorough discussion of the entire document took place and was accepted by all present with enthusiasm and a common understanding was reached on the issue of peace. FLYNN said that the 81 Party Statement should be thoroughly studied and applied to each country according to its conditions. The basic issues that stood out were the struggle against war, peace, disarmament, peaceful coexistence, national independence and the growing socialist world. She said, however, that the fight for peace is the main task. FLYNN then commented that many people asked if the Chinese comrades adhere to the declaration (referring to the 81 Party Statement). She said all those who came in contact with them were impressed by their concern for the World Communist Movement. The Chinese want unity preserved and no split in the international movement. The Chinese desire full agreement in order not to give ammunition to the imperialist camp. The Chinese pledged to adhere to the declaration and they desire to restore all relations with the Soviet Union to what they were in the past. FLYNN said that it was her personal opinion that the attitude of the Chinese comrades was "We do think it (peaceful coexistence) can be done, but let's go ahead and try." FLYNN said that the feeling of the other

NY 100-80641

Communist parties in the world is that the CP, USA is operating in the "Heart of the imperialist stronghold", where the population is subjected to the strong influence of bourgeois ideology. She said that KOSLOV (Ph) at a banquet said that the CP, USA is small, but its leadership is good, perhaps, better than many there. He said the conditions under which the CP, USA work are such that survival and continuance as a party is a tremendous accomplishment. FLYNN concluded her remarks by commenting that peace is paramount in the world and quoted from LENIN to the effect that the development of science will make war an impossibility.

CARL WINTER described GUS HALL's report of yesterday as "Inspiring". He said the task remaining for the party is to make its position understandable to the masses of the American people. The party should concern itself with combating the image of the American Communist as being "Un-American". The party should show the American people that the Communists are championing their cause.

SAM KUSHNER spoke on the unemployment situation and what should be done in the depressed areas. He felt that this was a field of work for the party in which it could build itself. KUSHNER said that the party should make known the intent of the employers to use the House Un-American Activities Committee hearings to destroy labor and this should be combated in every way possible.

LOUIS WEINSTOCK reported on "The Worker", and the Party's plans to reestablish the "Daily Worker". In connection with "The Worker", he said there is approximately 14,500 paid circulation, of which 8500 represents circulation in the US. He said the income approximates \$90,000.00. With expenses of \$175,000.00 and the expected deficit by March, 1961, will be \$85,000.00. WEINSTOCK said that this deficit is to be

NY 100-80641

made up by the fund drive of which \$40,000.00 is to come from the NY District. He also commented that plans are made for four affairs in NY to raise funds for "The Worker" during 1961.

WEINSTOCK said that the party was remiss in not sufficiently supporting the subscription and fund drives during the past year.

Concerning plans to reestablish the "Daily Worker", WEINSTOCK said that it is tentatively planned to print an eight page paper four days a week costing approximately \$300,000.00 a year. He said the party is selling certificates in amounts of \$50.00 and \$100.00 throughout the US in order to raise funds. The certificates specifically state that the money is to be used exclusively to establish a daily MARXIST newspaper in the US and in the event that such a paper is not established during 1962, the money has to be refunded to the certificate holders. WEINSTOCK said that he would make himself available to travel around the US on this venture if the National Committee should so authorize. He concluded his remarks by stating that plans have been undertaken throughout the Communist world to celebrate the birthday of WILLIAM Z. FOSTER and urged that celebrations of this event should be undertaken in all party districts in the US.

MILDRED McADORY spoke of the need of the party to undertake open mass work in order to reach the masses. She said that the party played an active role during the recent election campaign in Harlem where they sold "The Worker" and distributed literature. McADORY spoke briefly concerning her visit last week with the mother of HENRY WINSTON. She said that WINNIE's mother was at first critical of the party for what she considered the party's lack of concern

NY 100-80641

for her son's welfare. McADORY said that she had assured her that the party had been active in WINSTON's behalf and was contemplating further action to gain his release. She said that WINNIE's mother was reassured and McADORY felt that she might undertake "Public things" on behalf of her son. McADORY concluded by urging the party to reintensify the campaign for WINSTON's release and to make efforts to bring this case to the attention of President Kennedy.

SI GERSON said that the party should insist that the full weight of the Executive Branch of the Government should be thrown behind segregation legislation. GERSON was pleased with the report of GUS HALL yesterday and particularly with HALL's statement regarding the United Front. GERSON also spoke with regard to the past elections and remarked that the NEC election statement was absolutely correct. He said that HOMER CHASE's views were stubborn and dogmatic.

AL RICHMOND stated that the 81 Party Statement had been discussed in the Northern California District. He said that the statement was regarded as a resolution of struggle that has been going on for many years. The feeling was that the statement had meaning for our party and presents a new challenge in handling the problems that confront the American people. RICHMOND remarked that the party did not agree on an election policy and this created problems. He urged that in the future, the party resolve to have one line, one direction, not only in terms of a statement, but in actual practice. Meeting recessed for lunch at 1:03 PM.

JAKE GREEN was the first speaker of the afternoon session and remarked that FLYNN's report

NY 100-80641

on the 81 Party Statement gave him a "New feeling" and this statement will have "World-wide significance". He urged the members of the party to get out and do the job that needs to be done in Negro communities and stated that masses of the Negro people will eventually see the role of the party. GREEN also expressed confidence that many people who left the party will see the light and come back. He also recommended that some type of pressure be put on the new administration to make them fulfill the promises made during the campaign. He concluded by stating that the party will move the masses and hoped the party will have the confidence it once had.

BURT NELSON expressed feeling that more clarity in the party's election statement would have been of help. He remarked that the goal of the party is in sight and described this goal as the unity of all those who are suffering under monopoly capitalism. NELSON remarked that he planned to have more discussion on the 81 Party Statement and will have mass distribution of material on it. He said he was looking forward to FLYNN's trip to the West Coast in March. HELEN WINTER commented on her recent trip to the Soviet Union and said that the leaders of the socialist countries take nothing for granted on the topic of peace and it is constantly discussed in one way or the other. WINTER said that the best method of advocating peace is by utilizing slogans which is done successfully in the socialist world and believes that the US Government and the CP, USA must realize the need for advocating peace. The party as yet does not understand the necessity for impressing upon the people the desire for peace. WINTER praised the progress made by the Soviet Union during the past 15 years. As an example, they are building goods and machines not only for their own use, but also for the underdeveloped countries.

NY 100-80641

WINTER spoke on the question of United Front activity emphasizing the need of the party to work with the rank and file rather than trying to lead in every instance. The United Front must have purpose and direction in order to properly guide the masses. She referred to the "Fair Play for Cuba Committee" saying it was doing an excellent job in apprising the North American people as to what is actually taking place in Cuba, but unfortunately there are many Trotskyites who make up the committee.

DANNY RUBIN spoke on youth activity and said the main issues wherein youth were active were the sit-in demonstrations and in activities supporting the Cuban people to determine their own course. He said in terms of a United Front for Youth, there was a need for a greater contribution by developing a highly conscious MARXIST thinking. RUBIN said that funds are an important aspect in youth work and estimated that youth work for one year costs in the neighborhood of \$25,000.00, adding that the party organization has to try to shoulder that burden.

DANNY (QUEEN) said that the Youth Movement is flexible due to constant changes and as a result, must be continuously reexamined. The party has to consider how to sustain and continue activities in youth work. He said it is not a movement involving large masses of youth, but it is a militant group mainly of a liberal core. He said the youth organization should also look toward broader areas beyond its own organization such as various community organizations.

PAUL ROBESON, JR. stated that the 81 Party Statement is a call to intensify the struggle for the defeat of colonialism and imperialism. He said the emphasis of the statement on the role of the

NY 100-80641

world struggle for colonial liberation had an impact on the people of the world. The document presented an insight of democratic centralism in the entire World Communist Movement and it would be well to learn from this the methods of resolving inner party differences in a democratic way and to develop the ability of discussing contradictions, problems and alternatives.

BETTY GANNETT said CP must apply the 81 Party Statement to its own situation. CP has a big ideological job on its hands to get the membership to understand the CP line. BEN DAVIS stated whatever differences CP has internally, it must subordinate them to carry on party work.

MIRIAM FRIEDLANDER said 81 Party Statement shows American people ready for a new bill of rights.

PHIL BART then spoke on party unity. The right danger is the most serious danger followed by leftism and lastly revisionism. It is essential that party line be directed to combat these dangers to unity. The unity of the party has been challenged on many occasions. The latest example being the case of ALEXANDER BITTELMAN. BITTELMAN opposed CP policy and the CP itself as now constituted. BART enumerated instances of opposition to CP policy some of which . . . were: demand of the CP, USA to publish his book even though book contained anti-party statements: demanded the right to travel to various CP Districts to expound his views. As a result, BITTELMAN was expelled. BART said BITTELMAN is an example of right revisionism and HOMER BATES CHASE is an example of left revisionism. CHASE refused to accept decision of National Committee and differed with them on almost every question. He has opposed the CP Electoral Statement and has expressed dissatisfaction with the way the National Executive Committee was elected at the last convention and has branded CP leadership as

NY 100-80641

being revisionist. The issue is not merely a difference of opinion, but factionalism on the part of CHASE. BART described action taken by the national leadership in sending DAVIS and HYMAN LUMER to New England in an attempt to have CHASE repudiate his position. BART concluded on the CHASE and BITTELMAN issue by proposing two motions. One, the National Committee endorse action of the Westchester Club in expelling ALEXANDER BITTELMAN. Two, remove HOMER BATES CHASE from the National Committee and CHASE be informed by the committee to abandon his present inadmissible approaches. Take such steps with National Committee cooperation to begin to work as a member of CP and within six months the Secretariat review his work and take into consideration any further steps or any other assignment in connection with CHASE.

on
JACK STACHEL amended motion/BITTELMAN to include endorsement of the Westchester Club's action for expulsion by the National Executive Committee.

Several speakers including HALL, POTASH and LIGHTFOOT, commented on justification of expulsion of BITTELMAN, but questioned the procedure followed by the Westchester Club.

Motion #1 carried unanimously for the expulsion of BITTELMAN.

Concerning the motion on CHASE, the floor was opened for discussion and the motion was seconded by WILLIAM PATTERSON. He related the details of a meeting of a special subcommittee held on 1/20/61. That committee met with CHASE and asked whether he had any self-criticism. CHASE said he had no self-criticism and on that basis the committee recommends expulsion of CHASE from the National Committee.

MORRIS CHILDS asked for a substitute motion that CHASE give to the CP a letter of self-criticism

NY 100-80641

and upon review of this, the CP will take into consideration a review of his future activity in the party.

CHASE, in his own defense, stated a review commission should have been set up a long time ago. Noting CP actually has a national leadership reviewing its own work. He noted a complacency in the party and stated it is not always as effective as it might be as GUS HALL has stated in his report. CHASE said he has a right and a duty to present opposition to the National Office. He said the direction of the national CP line is not going in an anti-imperialist direction. CHASE said he will accept the decision of the National Committee as he has always accepted in the past. He said the CP will not resolve the contradictions that exist in its program or HALL's report by this type of action. This action, in the long run, will not strengthen the party and will not resolve the problem. In conclusion, CHASE said he was sorry he had not been able to contribute more to the National Committee. He said he had worked hard and had always been honest with that body.

The chairman then announced no vote would be taken at that time on the CHASE expulsion motion. The vote will be the first item on the agenda for the 1/22/61 meeting of the National Committee. Meeting adjourned 6:25 PM.

NY 100-80641

THIRD DAY'S SESSION, 1/22/61

On 1/22/61, NY 3142-S* advised that third day's session of meeting of National Committee, CP, USA, commenced at 9:44 AM, this date. It is noted that although the first item scheduled on the agenda was to be the vote regarding expulsion of HOMER CHASE, no action was taken by the National Committee on this matter, initially. No explanation of the omission was made.

BEN DOBBS, of Southern California, was the first speaker, indicating that they must continue the struggle to increase the party's connections with mass groups. He said they should build among the independent movements which are based on the struggle for civil rights, anti-monopoly coalition and economic issues. He commented that the biggest single fact coming out of the November election was the mass unity of the Negro people.

TOMMY DENNIS, of Detroit, attempted to set forth reasons why there exists a great difference of opinion in the party on their electoral policy. He said that the CP must work with all forces that are moving. DENNIS, in speaking of the 81 Party Statement, said that it must be translated into terms the American people will understand. He said they must realize in preparing articles and other material that they are writing for the American people as a whole and not just for the members of the National Committee. He said he would propose that all "left presses" undertake to participate in a program of discussion on how to print material the people will really read and understand.

ARNOLD JOHNSON, of NY, then spoke on the peace issue. He indicated that significant signs

NY 100-80641

appeared in KENNEDY's Inaugural Address, signs which were much more apparent than those contained in the Democratic Platform.

FRED BLAIR, of Milwaukee, then spoke on the situation that has existed in the Wisconsin CP. He indicated that the CP of Wisconsin has gained three members in the last two years. He indicated he wanted to stress, however, that he felt the party was now on the move and has taken an active part in mass groups outside the party. He cited an organization which he said consisted of some seventy people which was formed to endorse an editorial of the Milwaukee Journal on the Laos situation as one in which party people participated.

SAM DAVIS, of Minneapolis, then spoke on pre-election activity in Minnesota during which time he said efforts were made to persuade Senator HUBERT HUMPHREY to clarify his position on certain issues, particularly the Landrum-Griffin Act and other issues affecting labor. DAVIS said that HUMPHREY refused to repudiate the Landrum-Griffin Act and thus lost the primaries.

MICKIE LIMA, of San Francisco, then spoke of the 81 Party Conference held in Russia, November, 1960. He said that it was made clear at this conference that the International Communist Movement is united on its main tasks. The conference reaffirmed that revisionism remains main danger of the International Communist Movement. LIMA endorsed GUS HALL's report.

MORRIS CHILDS, of Chicago, said he wanted to associate himself with the reports of HALL, JAMES JACKSON and ELIZABETH GURLEY FLYNN. He stated that although the CP, USA did not formally participate in the 81 Party Conference in Moscow, it nevertheless had influenced decisions made at the conference.

NY 100-80641

CHILDS said HALL's report reflected the spirit of the conference; said US Party is too timid in activities to influence the masses; with respect to Cuba, he urged educational campaign by CP, USA to show the people of the US the identity of their interests with those of the people of Cuba.

IRVING POTASH, of NY, then proposed that first and foremost, the CP, USA, must see that the problems of the Trade Union Movement are on the agenda of every club in the party. He said that every club whether industrial or community, must figure out how the CP can influence the successful outcome of a strike. POTASH said the CP was able to do this in the thirties and that even labor leaders WILLIAM GREEN and JOHN LEWIS had to recognize that Communists were "the salt of the earth".

JESUS COLON, of NY, then stated he was holding discussions in his club on the 81 Party Resolution.

An unmale, identified with Jewish activity, then mentioned the importance of cultural work of the party. In this connection he stated that anti-semitism continues to be an international problem. He said that until the "Daily Worker" is reestablished, the daily progressive press that they have now must be fully utilized in acquainting all with the problems in the Jewish field.

An unmale, from Chicago, (probably SAM KUSHNER or JAMES WEST), stated that there must be an examination of the party's registration. He said they must face the fact that the party is facing liquidation, particularly in the basic industries.

NY 100-80641

He said radical steps must be taken in the party to have realistic and effective leadership with regard to mass work. In this regard, he said the Illinois Party published a pamphlet on taxes called "People Must Come First", which he stated was very effective. He said the party should urge that the burden of welfare work be taken from the states and cities and vested in the Federal Government.

HERB KRANSDORF, of Pittsburgh, then discussed the economic and unemployment situation in the Pittsburgh area. In addition, he mentioned that a new "Red Circus" has taken place in that city. In this connection, he cited the removal of a professor at the University of Pittsburgh for signing a petition put out by the "committee for fair play" in Cuba. As a result of this incident, the Pennsylvania Legislature and various veterans groups have called for an investigation of the employment of Communists or pro-Communists at the University. KRANSDORF stated this is another attempt to prevent freedom of speech.

WILLIAM WEINSTONE criticized the neglect of the works of EUGENE DEBS, JOHN REED and others. He pointed out there was a new 800 page text book, "Foundations of Leninism", the use of which would strengthen the knowledge and theory of members. The American Party, according to WEINSTONE, was very weak in the teaching of dialectics which constitutes a large portion of this book. He said he recognized the fact that dialectics are the foundation of MARXISM. He feels the members' shortcomings in this regard has created an inability to come to grips with reality.

An unmale reviewed action taken by New England District Committee in removing CHASE from district leadership. He urged that no fast action

NY 100-80641

be taken by the National Committee as all factional groupings have been removed.

JAMES JACKSON then stated that he agreed with CHASE's remarks the previous day to the effect that the review commission should be reactivated. JACKSON said it is becoming apparent that they cannot continue the process of degradation of leadership, that the party must have leadership endowed with all the requisites for functioning.

The following motion made and carried: that HOMER CHASE be removed from National Committee; that he be informed by this body to abandon his recent "impermissible activities"; that within six months he present letter of self-criticism to Secretariat, who in connection with the district, will work out a review of his work and activities and take whatever steps necessary. The presence of HOMER CHASE at this session of the National Committee meeting was not established by the informant or by fisur.

Session reconvened 2:02 PM. LOUIS WEINSTOCK designated chairman.

CLAUDE LIGHTFOOT reported on work of the Negro Commission and noted next issue of "Political Affairs" will have an article on the meeting of that commission, at Philadelphia. He said that conferences on Negro work are to start no later than March 15, and are to be held in all the districts.

PAUL ROBESON, JR., GUS HALL, TOM NABRIED, BEN DAVIS, CHARLENE MITCHELL, ESTHER CONTOR, TED BASSETT, GERALDYNE LIGHTFOOT and MILDRED McADORY participated in the discussion of the Negro resolution. Each speaker had certain suggested revisions of various

NY 100-80641

portions of this document. ESTHER CONTOR particularly criticized the resolution because it did not include a program of immediate action with respect to job discrimination against the Negro people. GERALDYNE LIGHTFOOT noted the need for a program of activities to be formulated by the party in celebration of Negro History Week.

BEN DAVIS said Secretary of Civil Rights is needed in the Presidential Cabinet to bring an immediate end to JIM CROW in the US. BEN DAVIS then read a resolution that a Constitution Committee be set up with responsibility to come up with proposals which can be acted upon at the next National Convention. This resolution was passed.

GUS HALL, on behalf of the National Committee, proposed WILLIAM WEINSTONE as a new member of that body. This resolution was passed.

An unfemale proposed the establishment of a Women's Commission. After some discussion, this proposal was adopted.

Two motions were then discussed, put to vote and passed. One, the Secretariat will deal with the question of quotas for "The Worker", two, the question of reestablishment of the "Daily Worker" will be handled by a local committee.

GUS HALL then summarized, mentioning various publications of the party and said that these can be used to tremendous advantage by the party. He stressed the need for unity in the party behind its leadership. He stated the leaders will be required to devote their individual attention to the party. He said the party is in a position to do many things behind a united party and a united leadership. He stressed that National Committee members should

NY 100-80641

analyze events in their districts prior to requesting assistance from the National Office. The party as of now will hold each member accountable for his own actions and will demand self-criticism from its members. He said they will no longer permit opposing statements to be disregarded or "swept under the rug". HALL touched on the party's electoral statement and suggested that National Committee members might reread it and thus realize the party's view was correct from the beginning. He said there is a belief in the party that the party is unable to get the support of labor because it has failed to endorse the formation of a labor party. HALL said the party's refusal is based on the fact that the two major parties have not reached a certain point in policy whereby a new party should be realistically formed. Upon establishment of a labor party, the Communist Party will then take action. However, at the present time, the party must continue to propagandize for the need of a new party. HALL said it is unwise to have CP candidates now considering the possible injury of persons who sign Communist Party nominating petitions.

HALL then spoke on youth noting there is an upsurge of Marxist Socialist Clubs that cannot be ignored. He was generally in agreement with the youth concept that emerged at the Chicago Conference. HALL said that the Youth Movement will grow spontaneously on different levels. HALL commented on the 81 Party Statement, stating that this statement did not compromise any of their basic concepts in the fight against imperialism. He then stated that the party's strategic concept was the anti-monopoly coalition.

NY 100-80641

A motion was made and carried that the main report and the summary be accepted.

JACKSON presented a resolution adopting the 81 Party Statement as essential to every CP. This was passed. Meeting adjourned 4:50 PM.

The presence of the following National Committee members at instant session of National Committee meeting was established by fisur: WILLIAM ALBERTSON, HERB APTHEKER, PHIL BART, FRED BLAIR, ERIC BERT, MORRIS CHILDS, JESUS COLON, BEN DAVIS, SAM DAVIS, TOM DENNIS, BEN DOBBS, MARIAM FRIEDLANDER, ELIZABETH GURLEY FLYNN, BETTY GANNETT, SIMON GERSON, JAKE GREEN, GUS HALL, JAMES JACKSON, ARNOLD JOHNSON, SAM KUSHNER, CLAUDE LIGHTFOOT, GERALDYNE LIGHTFOOT, MICKIE LIMA, MILDRED MC ADORY, GEORGE MEYERS, CHARLENE MITCHELL, TOM NABRIED, BURT NELSON, IRVING POTASH, PAUL ROBESON, JR., PAT TOOHEY, JIM TORMEY and JIM WEST.

Re: Communist Party, United
States of America -
Organization

A Confidential Source, who has furnished reliable information in the past, advised on February 8, 1961, that a meeting of the Communist Party, United States of America (CPUSA) and invited guests was held in Communist Party (CP) headquarters on that date. Among those in attendance were:

Gus Hall, General Secretary, CPUSA
Will Weinstone, member of National Committee (NC), CPUSA
Claude Lightfoot, Vice Chairman, CPUSA
Phil Bart, Organizational Secretary, CPUSA
Morris Childs, Chairman of International Affairs Committee, CPUSA
Clarence Hathaway, Chairman of New York District (NYD), CPUSA
Jack Stachel, member of NC, CPUSA
James Jackson, member of NC CPUSA and Editor of "The Worker"
Benjamin J. Davis, Jr., National Secretary, CPUSA

Will Weinstone announced that the pamphlet dealing with the meeting of the 81 Communist and Workers Parties of the world, is now ready for circulation. He said Gus Hall's report on this meeting and the statement adopted at it will be ready shortly. He then proposed that Hall's report be circulated with a cover letter containing special features of the report designed to catch the eyes of Negro and labor leaders.

Weinstone favored the use of all kinds of media to publicize the 81 Party Statement and Hall's report on it. In this connection, he suggested the holding of forums and public readings.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Re: Communist Party,
United States of America -

With respect to activities in the Negro field, Weinstone proposed that comrades of the Negro Commission figure out a political program and leading comrades like Davis, Jackson and Lightfoot arrange for speaking engagements at colleges, churches, et cetera. He urged that Irving Potash, the Party's Labor Secretary, try to reach union people "face to face" in order to discuss situations in industry.

Weinstone recommended a seminar for NC members and leadership of the various Districts, the NC seminar to start in about two weeks and to continue for a two week period. He recommended that a document be prepared on the discussion at this meeting and be forwarded to all clubs by the end of the week.

Clarence Hathaway commented, with regard to getting a report of the meeting to the clubs, that there are too many clubs and too many small clubs to do it on a club by club basis. He said there are 135 or 140 clubs and some of them have 8 or 9 members. He noted that a series of about 6 meetings have been arranged at which Elizabeth Gurley Flynn, Vice Chairman of the CPUSA who attended the 81 Party meeting, will report on the 81 Party statement. According to Hathaway, there are already indications that the proposed meetings are anticipated by comrades in the counties and industrial section. Hathaway recommended that area meetings composed of 3, 4 or 5 clubs be held for discussion of the 81 Party Conference in order to involve the largest possible segment of the membership.

Jack Stachel favored a Speaker's Bureau in the Party, asserting that there are literally tens of thousands of people "around our movement" who cannot be drawn in directly to club meetings, meetings called by Party officers or even meetings of "The Worker", but will come to forums and symposiums. With regard to "The Worker," Stachel said

Re: Communist Party,

approximately 6 to 8,000 people read it every week - not just occasionally.

Ben Davis said that he is beginning a class next week in Harlem on the 81 Party statement and Gus Hall's report. He suggested that something be worked out whereby other members of the Secretariat and the NC take responsibility for supervising or teaching a class for some county or section in the city.

There was some discussion concerning the celebration of the 80th birthday of William Z. Foster, Chairman Emeritus of the Party, who is currently in the Soviet Union. The celebration is to be held March 3, 1961, in Carnegie Hall, New York City. Some of the suggestions made in connection with it included the awarding of a plaque to Foster inscribed with some reference to his devotion to the labor movement, the CPUSA and socialism; the preparation of specially bound editions of his last four books; the display of a picture of him speaking in the Soviet Union, if one can be taken and sent in time for the celebration and finally, the dramatization of an incident in Foster's life in a skit designed to show his historic role in the Communist movement.

Before adjourning, those present agreed that the next National Executive Committee (NEC) meeting be held March 9 and 10, 1961. The principal topic of discussion is to be the unemployment problem. The Michigan, Ohio, Illinois, California and Buffalo Districts, are to come to the NEC with reports of concrete activity on this problem.

The CP, USA has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

"The Worker" is an East Coast Communist weekly publication.

FROM : SAC, CHICAGO (134-46)
SUBJECT: CG 5824-9*

The following information is being set forth in order that the Bureau may be cognizant of the current personal problems of the source.

On the afternoon of 3/4/61, the South Side area of Chicago was struck by a tornado which inflicted serious and considerable property damage to over 3,000 homes. The source's property was situated directly in the path of this tornado and extensive damage was inflicted to his home and realty, i.e. trees, shrubs, etc. To date, because of the extensive volume of pending work, insurance adjusters have not been able to survey source's property and estimate damages and therefore, the necessary repairs cannot be undertaken. Because of the present condition of his home and property and of reported looting in his area, source feels that for security of material contained in his home, he cannot leave Chicago for any extended period at this time.

It is to be noted at the time of the above noted disaster, source was present in his residence but suffered no personal injuries.

In addition to the above, the source's younger brother was committed to a Chicago hospital on 3/6/61 and is scheduled to undergo a serious operation 3/7/61.

It is also to be noted that source's father, an elderly man in his 80's, because of the strain of events of the past few days has become incapacitated and his physical condition is not good.

The source has been exerting every effort in order to place matters in proper state of affairs so that he might carry out his responsibilities for the Bureau and attend the CP, USA National Executive Committee meeting scheduled for 3/9-10/61 at New York City, however, because of the existing matters noted above, the source on 3/7/61 advises that he feels that he may be unable to participate in this meeting and may have to notify the National Office, CP, USA accordingly.

The above is for the information of Bureau and New York.

Extreme caution should be exercised with respect to dissemination of information herein since, by its nature, it tends to identify NY 694-S, a valuable informant, as the source thereto. Unless this information is obtained from a source other than NY 694-S it should not be incorporated - even in paraphrased form - in the investigative section of a report.

On 3/22/61, NY 694-S advised SA ALEXANDER C. BURLINSON that in a conference with GUS HALL, CPUSA General Secretary, on 3/21/61, the latter told him the following:

HALL received a letter, postmarked Peiping, dated 2/15/61, and ostensibly signed by TENG HSIAO-YING as First Secretary of the Chinese Communist Party. The letter is extremely critical of HALL and the CPUSA, charging HALL and the CPUSA with having a passive attitude toward the Socialist revolution, and with failure to comply with directives presumably given at the recent Moscow Conference to deal a fatal blow to the KENNEDY administration.

HALL stated that he was inclined to doubt the authenticity of the letter, and that he would postpone replying thereto until he could determine whether or not it was spurious. He instructed NY 694-S to have a Photostat made of the letter and to send the Photostat to TIM BUCK of the Canadian CP. According to HALL, there are usually one

NY 694-S made available to the NYO the original letter, a Photostat of which is enclosed herewith for the Bureau and Chicago. Chicago may desire to consult CG 5324-S regarding the authenticity of the letter.

A letterhead memorandum is not being submitted because the above information could be traced directly to NY 694-S and because the letter possibly is spurious.

COMMUNIST PARTY, USA
COUNTERINTELLIGENCE PROGRAM
INTERNAL SECURITY - C

Rebulet dated March 21, 1961.

Concerning the matter of collaborating with CG 5824-S* in preparing a pamphlet or document on Anti-Semitism in Russia, it is to be noted that because of the pressure of other matters for the Bureau as well as the CP, it will be impossible at this time to utilize the services of this informant.

It is felt that in allowing the informant sufficient time to research various materials dealing with the subject matter to prepare a desired document, it would cause him to neglect more important phases of coverage at this time. Because of the current situation this informant will not be able to devote himself to this matter for at least four months.

Attention is called to Bulet dated March 17, 1961 which enclosed a pamphlet entitled, "YEVERI, The Myth that Communism Fights Anti-Semitism".

Because of the suggested anonymous mailing for this pamphlet, Chicago submits that to prepare material dealing with the identical subject matter now would detract from the effectiveness of the current mailing. It is noted that within the recent past anonymous mailings of various material designed to effect Communists of Jewish origin have been made. These mailings have been sent to both CP members and persons close to the Party, however, it is felt that too concentrated an effort in this direction may tend to have an adverse effect.

Because of the above considerations, Chicago will hold in abeyance the preparation of material on the Jewish question.

Remylet, 1/17/61.

The financial statements for the cover company for the period 1/1/61 to 3/31/61 are submitted. The statements include a Profit and Loss statement for the period, a Balance Sheet as of 3/31/61, a Cash Statement and schedules of details of expenses.

The Profit and Loss Statement reflects a gross profit on sales of \$204.22, and an operating loss of \$1,247.64. The merchandise inventory is computed at cost. Payment of \$2,500 to the cover company in February resulted in an increase of loans payable from \$5,000 to \$7,500, which represent the money advanced by the Bureau since 1960.

The next report will be submitted on or about July 15, 1961.

NY 694-S* continues to spend approximately two hours per day on cover company operations without interfering with his efforts on behalf of the Bureau.

Pursuant to authority of ASAC JOSEPH L. HANDLEY,
SA CARL N. FREYMAN telephonically contacted ASAC KARL DISSLEY
of Detroit at which time the following information was
furnished and recommendations made:

CG 5824-S* had returned to Chicago at approximately
4:00 AM, 4/13/61 after having participated in meeting during
late PM of 4/12/61 with GUS HALL, General Secretary, CP, USA
and CARL and HELEN WINTER at Detroit. HALL remained overnight
at the Hotel Statler, Room 779. At 10:00 AM, 4/13/61, CARL
WINTER will pick up GUS HALL and take him to a meeting of
several editors of foreign language newspapers at an unknown
location in Detroit. If necessary, this meeting with foreign
publication editors will continue after lunch which HALL and
WINTER will have at the Golden Dragon Restaurant, Detroit.
During afternoon of 4/13/61, HALL intends to depart Detroit
by auto and proceed to Cleveland. HALL confidentially advised
that in Cleveland he could be reached through ANTHONY KRCHMAREK.
HALL will depart Cleveland late on 4/16/61 and be in New York
late Monday or early Tuesday, 4/18/61.

It was recommended that Detroit not institute fisur
coverage of HALL's activities in Detroit this date since his
itinerary known, security of source would be seriously effected
and since fisur would have questionable productivity.

Pursuant to authority of SAC JAMES H. GALE, a telephone call was placed to the New York Office by SA CARL M. FREYMAN at 8:00 a.m., April 12, 1961. Due to the unavailability of ASAC NORMAN H. MC CABE of the New York Office, the following information was furnished to Supervisor BILL DIX and to SA AL BURLINSON, who is the contacting agent for NY 694-S*:

At this time the following messages which had been received from CG 5824-S* and which were desired to be transmitted to New York were provided to SA BURLINSON for further transmittal to NY 694-S*:

1) That CG 5824-S* did get in touch with PHIL BART and IRVING POTASH but they knew nothing of the car business. GUS HALL of opinion and suggests that they give FOSTER's old car, one driven by JACK SHULMAN, to BOB THOMPSON. The never Mercury that BEN DAVIS now has be given to [REDACTED] HALL doesn't care who asks DAVIS; BART or POTASH can handle even though they know nothing of it, because he has understanding with DAVIS that he will surrender car for use any time they want it.

2) In regard to first class travel for [REDACTED] and FOSTER's wife, HALL doesn't care as they were promised first class travel and the order for first class travel came from the "old man" FOSTER. HALL says he did not promise full \$3,000, just first class travel; however, when ready to go will give expense money. HALL says they are booked for passage June 13, 1961.

CG 100-17517

3) Regarding when ELIZABETH HALL and son will go, CG 5824-S* unable to get answer but will forward information later.

4) MIKE GOLD should be in New York any day and this should be taken up with IRVING POTASH to determine if GOLD taken care of or needs any help. NY 694-S* to see that he gets out.

5) HALL advised if PHIL BART or N.O. offers to put up money for GOLD, it is all right, but if not offered, NY 694-S* should put it up.

6) That the message about MARY KAUFMAN's mother's death came too late. HALL will write and there will be telegrams.

7) That ELIZABETH GURLEY FLYNN is believed to have advised MIKE GOLD that IRVING POTASH could put him in contact with CG 694-S*. She should not have done this but it cannot now be helped and NY 694-S* should be prepared for possible contact.

8) That GUS HALL has changed his plans and has left Chicago. He will be back in New York by April 15, 1961.

In addition to the above, New York was advised for its information that GUS HALL will leave Chicago the a.m. of April 12, 1961, after a decision to cut off his Chicago phase of current Midwest trip. HALL plans to drive to Detroit, Michigan, in his 1961 Oldsmobile sedan and will be accompanied by CG 5824-S*.

In Detroit they will meet with CARL and HELEN WINTER for several hours. CG 5824-S* will accompany HALL during these discussions.

From Detroit HALL will proceed alone to Cleveland, Ohio, and stay three or four days. While there will visit his daughter and definitely contact ANTHONY KRCHMAREK and possibly EDWARD CHAKA.

CG 100-17517

The reason GUS HALL was leaving Chicago and had ordered a delay in the travel of JAMES JACKSON to Chicago and had instructed DANNY RUBIN to leave the Chicago area was that he did not want to do anything which might embarrass and tie-in publicly the CP, USA, with the trade union peace conference scheduled for Chicago from April 14 to 15, 1961.

in Detroit and in view of this fact, Detroit was requested
not to institute fisur coverage in order that the source
not be jeopardized.

He was informed that all phases of the current
travel of GUS HALL were of a secret nature and that no fisur
coverage had been instituted while in Chicago. He was also
advised that a teletype would be submitted regarding the
above.

SAC HOSTETTER was also requested to attempt to
arrange a double room reservation at the Cadillac Sheraton
Hotel in Detroit or a similar large hotel for possible use
of CG 5824-S* if necessary. Reservations for this hotel
room were to be requested under the name of Mr. ARISCO,
New York City. Source would contact SAC, Detroit, if possible
and if necessary if reservations were to be utilized. If
source had not contacted the Detroit Office by 7:00 p.m.,
it was requested that Detroit cancel such reservations.

With regard to ELIZABETH GURLEY FLYNN, NY 694-S stated that she is not a member of the Secretariat, because, upon formation of the new National Board, which replaced it, the Secretariat ceased to exist. The informant noted that CP communications being sent to various CP districts and referring to the agenda of meetings at CP Headquarters refer to such meetings as "National Board" or "Resident Board" meetings rather than as "Secretariat" meetings.

The informant further noted that top CP functionaries refer "variously and loosely" to the National Board as the "National Executive Board," the "Resident Board," and the "Politburo."

UNITED STATES GOVERNMENT

Memorandum

TO : SAC

DATE: 4/28/61

FROM : Supervisor FREYMAN

SUBJECT: CP, USA MAY DAY DELEGATION 1961 TO MOSCOW

CG 5824-S* advised 4/28/61, that the CP, USA delegation which is now approved and en route to Moscow for the May Day celebration is as follows:

ARNOLD JOHNSON, Chairman
 DOROTHY HEALEY, Secretary
 ANN BURLOCK TIMPSON, from New England
 SAM DAVIS and wife, from Minneapolis
 MIKE DAVIDOW
 ERIC BURT, who is currently in the USSR

The informant saw all but DAVIDOW off before his return to Chicago late 4/27/61.

The two stooges that CG 5824-S* intended to use to obtain the information from the USSR were Chicago men, JACK KLING, aka KLINGHOFFER, Bufile 100-31966, and LOU DISKIN. KLING applied for his passport under the name of KLING, 4732 North Monticello, Chicago, and has been asked for four separate affidavits by the State Department. As late as yesterday, 4/27/61, his attorney called the State Department who stated that everything was in order but they did not commit themselves as to when the passport would be sent to KLING.

CG 5824-S* stated that if the Bureau desires information from the confidential sources utilized by CG 5824-S* in Moscow, this information must come through KLING. All of the other people are GUS HALL people and will report to HALL. CG 5824-S* has given none of them authority to talk on any confidential matters with individuals whom CG 5824-S* does business with in Moscow. He was saving this for KLING, who is his man and would report back to him directly.

CG 5824-S* says that KLING is still waiting for his passport and that it is not too late to send him to Moscow if this passport can reach him no later than tomorrow morning, 4/29/61. KLING has plane reservations and CG 5824-S* has already briefed him. KLING is completely dependent upon CG 5824-S* and is politically alert, is known to the Russians, and CG 5824-S* feels that he can be used by the Bureau to great advantage in this present international situation.

SUBJECT: BENJAMIN J. DAVIS, JR.

Extreme caution should be exercised with respect to dissemination of information herein, since, by its nature, said information tends to identify NY 694-S, a valuable informant, as the source thereof. Unless this information is obtained from a source other than NY 694-S, it should not be incorporated - even in paraphrased form - in the investigative section of a report.

On 5/2/61, NY 694-S advised SA ALEXANDER C. BURLINSON that on the aforesaid date GUS HALL, CPUSA General Secretary told him the following:

HALL intends to call "a very important meeting" of the Party on 5/9/61, at which he intends to "blow the whistle" on BEN DAVIS. Although DAVIS could be removed as a CP national functionary, HALL will give him an "ultimatum" to the effect that if DAVIS desires to continue as a top functionary, he will have to work, and will have to cease opposing the CP national leadership. According to HALL, DAVIS had been given a similar warning a year ago.

Inasmuch as it is not known whether anyone other than HALL and the informant are aware of HALL's intentions with respect to DAVIS, it is felt that to disseminate the above information might jeopardize the security of NY 694-S. No letterhead memorandum, therefore, is being submitted.

Enclosed herewith are eight copies of a letter read
memorandum reflecting that as of 7/4/61, "The Worker" will be
published twice a week instead of once a week.

The confidential source utilized in the letterhead memorandum is NY 694-S, who advised SA ALEXANDER C. BURLINSON on 5/2/61, that on the aforesaid date GUS HALL, CPUSA General Secretary, furnished the information above.

HALL further stated that the plan to publish "The Worker" twice a week was the result of "an official decision" of the CPUSA, and that to publish the paper twice a week would require an additional \$30,000. HALL did not state how the Party planned to raise this additional \$30,000.

This memorandum has been classified "~~Confidential~~" because it contains information from a source the unauthorized disclosure of which would seriously impair the investigation of the CPUSA. Such impairment could have an adverse effect upon the national defense of the country.

The name of the aforesaid book store is "World Books."

A second confidential source advised on January 18, 1960, that "World Marxist Review" is the theoretical organ of the international Communist movement, is printed and edited in Prague, Czechoslovakia, and is printed in several languages in various cities throughout the world.

Re Washington Field airtel to Director dated

Referenced airtel on page 4, paragraph 1,
reflects that ALEXEI ANDREEVICH GRECHUKHIN, a member
of the captioned delegation, had been in the United States
in 1958 as a member of a visiting group of Soviet editors
of student and youth newspapers. GRECHUKHIN's photograph
was at that time identified by CG 5824-S* as being identical
with a person of the same name who was the Assistant to
NIKOLAI MOSTOVETS, the head of the North and South American
Section of the International Department of the Central
Committee of the CPSU.

On 5/10/61, CG 5824-S* advised that it might be

\$250 on May 4, 1961, as advance for expenses in connection with a trip to New York City on May 4, 1961.

In addition to the above, the sum of \$100 was deposited each month in a special banking account in the name of the Special Agent in Charge of the Chicago Division for the informant during the months of January, February, March, and April. As of May 2, 1961, the total amount maintained in this savings account at the Harris Trust and Savings Bank, Chicago, was \$6,812.89.

Based on the annual income tax return of CG 5824-S*, it is estimated that an excess of \$400 of the sum of \$1,100 received by the informant each month is expended in normal expenses. Since CG 5824-S* is engaged full time in activities for the Bureau, his expenses are estimated instead of itemized

and the estimated breakdown of these expenses appeared in Chicago letter dated October 15, 1957.

Memorandum

TO : SAC (134-46)

DATE: May 24, 1961

FROM : SA C. N. FREYMAN

SUBJECT: CG 5824-S*

At 12:00 Noon, on May 24, 1961, ASAC NORMAN MC CABE of the New York Office, called and advised that their office had just received a call from NY 694-S to the effect that he had just had a conference with GUS HALL. NY 694-S advised that GUS HALL had just learned from JIM JACKSON that ALEKSEI ANDREEVICH GRECHUKIN is currently in the United States with a group of Soviet journalists. According to NY 694-S, ALEKSEI is in charge of the USA section of the International Department of the CP, SU, and is the assistant to NIKOLAI MOSTOVETS, who is in charge of the North and South American Section of the International Department, CP, SU.

According to NY 694-S, GUS HALL was very upset regarding the presence in this country of ALEKSEI, since HALL had not previously known that he was coming to the USA or that he had arrived until he learned same from JIM JACKSON this morning. NY 694-S advised HALL that apparently if ALEKSEI desired the Party (HALL) to know that he was either coming or was in this country, he would have gotten word to HALL to that effect.

NY 694-S advised the New York Office that he desired that CG 5824-S* be apprised of this situation prior to his meeting HALL. New York indicated that it did not know of ALEKSEI's coming to this country or his presence in this country until so advised this morning by NY 694-S.

Addendum

SAC GALE telephonically advised ASAC MC CABE at approximately 1:10 PM May 24, 1961 that Chicago is unable to advise CG 5824-S* of the above facts since CG 5824-S* is currently en route to New York. Chicago referred ASAC MC CABE to information furnished New York and Chicago by WFO, as well as to the Bureau, in an airtel of May 1, 1961, CG file 105-10080, serial 3, which indicated that GRECHUKIN was in the tour and indicated itinerary as being New York and Chicago.

GUS HALL

I thought we ought to have a briefing session based on some of these experiences. It is a great honor I hope everyone appreciates that. It is a great opportunity especially so now as it is from experience that you are going to represent a very high respect. There will be no need to go around apologizing for the party. Like civilized people you should show respect for the host. Don't act arrogantly as is said

about us as Americans so often. You are not going there to air any personal gripes as to look for support. That is not the place. The place to do that is here.

You are a delegation not individuals. It is not a tour. It is a different kind of delegation. It is not the purpose nor the place to launch into self-criticism. You should have a knowledge of what is going on. There is no solution to our problem over there; the solution is over here.....the host will tell you if you don't know it yourself. I think you have a lot to gain as a delegation. On the question of how long it is a matter of when you get homesick. A few weeks one way or another doesn't hurt. I would say a maximum of three months should be enough. With respect to places to visit, I think it could be worked out together. You will be expected to speak when you get back so jot things down especially for non-party crowds. I would say from experience that you must have officers for the delegation. I suggest that ARNOLD, (JOHNSON) act as Chairman and DOROTHY (HEALEY) act as Secretary.

A lot of questions will be asked of you about the US. You will undoubtedly be asked about Cuba and the German problem. I don't think we have to answer to Germany....I think the next few days reaction around the world will determine....I think there is a struggle in the administration on this question (apparently referring to the Cuban situation) - The speech that KENNEDY made was a dastardly and imperialistic statement. KENNEDY said he looked over the plans and approved them.

MORRIS CHILDS

You are actually the host of one place. If you want to go some other place say so when you are

NY 100-86624

leaving not when you arrive. I want to repeat. You are going as party people. Despite problems we are not without honor in our struggles. We are in the center of powerful imperialism. Don't minimize our party. Whatever is policy of the party is your policy. You speak as one for the party. I'm re-emphasizing GUS' remarks. Our party has to solve its own problems. We are an independent party and no one will tell us what to do. You are symbols of our solidarity.

SAM DAVIS

What is the policy if foreign correspondents try to interview people?

GUS HALL

Generally I don't think you will have any trouble. So you are having a vacation a tourist on May Day. Just ask "Doesn't everyone come here for May Day?"

NY 100-86624

CLARANCE HATHAWAY

We should try to get out a leaflet as soon as possible. It should show them the invasion of Cuba was all a put up job of CIA and not the will of the Cuban people. We should make use of material being brought out publicly by the "New York Times" and the "Wall Street Journal".....the first section of the speech (KENNEDY's) tells the Latin American countries either to yield to our will or we will take on the whole hemisphere. All this talk by STEVENSON in the UN.... its making hypocrites of all of them. The leaflet should show that those who were duped into making the invasion and those who died defending Cuba against it are all the responsibility of CIA. We could put together a four page leaflet showing that the whole operation was manufactured in Washington in the interests of American imperialism.

GUS HALL

First we will touch on KENNEDY's speech and then take up the press. KENNEDY's speech is one that will be quoted around the world for some time. There are some long range policy questions here. KENNEDY said we will use the UN and O.A.S. when they suit our purpose otherwise we will take unilateral action ourselves. This part will be quoted around the world. This will be a shock to Latin America and other parts of the world. American imperialism must recognize Socialism. We should consider issuing a party statement on his speech and also put out certain other material.

JAMES JACKSON

Maybe we should explore the possibility of (Secretary of State) RUSK being made responsible for this Cuban situation. He was the architect of the Korean plan.

NY 100-86624

JACK STACHEL

The important thing is what the administration is going to do and how they are going to exploit it. We have to evaluate what has happened. No delegation except Canada endorsed the US policy. We should emphasize that we have to challenge the conclusions KENNEDY reached as to why the people didn't go along. We have to emphasize that KENNEDY said no one would interfere in the Western Hemisphere. American policy now seems to be up a blind alley. We will have to give a different perspective.

WILLIAM PATTERSON

The party will have to make a statement. We shouldn't take this KENNEDY speech at face value. We have great opportunities to advance the prestige of our party if we are careful.

We shouldn't criticize DULLES and RUSK in the way that if there had been a victory it would have been all right. We should say this action was against co-existence and the rights of people to political freedom. That is why we are against it not because of the fact it turned into a debacle.

BEN DAVIS

There are many aspects to KENNEDY's speech. One, it gave an ultimatum to Latin America and two, it was a speech of a hysterical man. The declaration was first made that American forces would not intervene in Cuba and yet KENNEDY in his speech modified this by saying our patience is not inexhaustable which, of course, means we may intervene if certain circumstances arise.

NY 100-86624

We should concentrate on CIA and its leader DULLES. I hold the view that there was no alternative. The invasion grew out of, not just an error of judgement, but a policy by which CIA is being permitted to be the decisive force in American foreign policy. We should demand that ALLEN DULLES be fired along with all those responsible and further that CIA be completely dismantled.

This poses a whole series of problems for our Party. There is this aspect of KENNEDY's speech and it must necessarily follow there is going to be stepped up repression against our Party and we should not be surprised about the Mc Carren Act decision which might be adverse or by other means of harassment by the FBI. We have to be prepared for it.

IRVING POTASH

The whole speech poses the question of whether American imperialism can accept defeat without war. It appears to me that the attitude of the American Government is that it's either capitalism or it's war and this particularly with reference to Latin America.

We've got to forward the perspective that America must accommodate itself to social progress in Latin America as well as elsewhere and we promote and encourage movements in the direction of lessening international tension. The main fire should be directed against DULLES and the CIA to stop these forces from dragging the US into war.

WILLIAM WEINSTONE

It is clear that while the invasion was planned by EISENHOWER nevertheless/gave approval and countenanced KENNEDY

NY 100-86624

the action in Cuba in the belief that there would be an uprising. The threat to Cuba of further military intervention still remains and this must be hammered home. The slogan "Hands Off Cuba" should be a central slogan.

CLARANCE HATHAWAY

The development in Cuba reenforces the whole position that KHRUSHCHEV takes. The failure of the response of the masses in Cuba, the popular resentment that arose against it, the reaction of almost the entire heap of the other states against this policy shows the increasing difficulties they had in carrying through the policy.

We have to make clear that this whole thing was not a natural development from within by the Cuban people but actually was manufactured by CIA. The indications are that there is a continuing policy to recruit, arm and train mercenaries to carry on acts of sabotage and every other form of struggle preparatory to some new act against the Castro regime.

Extreme caution should be exercised with respect to dissemination of information herein since, by its nature, it tends to identify NY 694-S, a valuable informant, as the source thereof.

ReNYairtel, 5/4/61, reflecting that GUS HALL was "disgusted" with the Soviets because they had declined to grant credit to "World Books," and because they had declined also to permit "World Books" to be their exclusive agent in the USA for the sale of Soviet publications, including World Marxist Review.

On 6/2/61, NY 694-S advised SA ALEXANDER C. BURLINSON that on that date in a conference with GUS HALL, CPUSA General Secretary, the informant was told the following:

A few days ago the Soviet head of "Mezkniga" (International Books), was in NYC, and turned over to the "Four Continent Book Corporation" the inventories of "Imported Publications and Products," operated by MARGARET KRUMBEIN, and also gave to "Four Continent Book Corporation" \$180,000 worth of subscriptions taken from the McGraw-Hill Publishing Co.

HALL said he was outraged by the actions of the Soviets, and stated he wanted NY 694-S "to drop everything" and go to Moscow to remonstrate, in HALL's name, with the Soviets, and to do something fast for "World Books."

NY 694-S told HALL he could not "drop everything" at the moment, but would advise HALL as to when he might be able to go to Moscow. The informant requests that the above information be furnished to CG 5824-S for his comments thereon. It is requested that Chicago advise the Bureau and NY concerning CG 5824-S' reaction to HALL's proposal.
